

Epson Professional Media

Hot Press Natural

Artists and professional photographers require true archival print media in a variety of weights and surface textures for their digital fine art and photography. Epson offers an acid free, 100% cotton hot press paper that perfectly addresses those needs. The hot press manufacture of this media provides an extremely smooth finish that is optimized for the Epson UltraChrome® Ink family to provide rich, deep blacks and an incredibly wide color gamut. Offered in a variety of sizes, this fine art paper is not only acid, lignin and chlorine free, it contains no optical brighteners for a true archival sheet.

Features/Benefits

- 100% cotton fiber
- 17 mil thickness
- Acid and lignin free, pH buffered
- Smooth matte finish
- Natural White base
